## Sections A to E

In sections A to E, ANGOs must demonstrate how they meet the **ANGO Accreditation Framework**. The Framework outlines each criterion, explains the underlying intent or principle of the criterion, and lists indicators that reflect reasonable expectations of policy, procedures, practice, capacity or evidence required for each criterion.

How an ANGO describes and demonstrates its capacity and performance for the indicators (and therefore the criteria) will differ from ANGO to ANGO. The onus is on the ANGO to demonstrate, through evidence and explanation, how it addresses each criterion. The review team will use the information to inform and guide their assessments and assist in the preparation of an initial Desk Assessment.

All uploaded files must use the following naming convention: *number of indicator + a, b, c etc + brief description of document*. For example: A1.1a governing instrument, A1.1b AGM Minutes 2017, B2.2b project design template etc.
